eyesafe®

Install Guide

SUPPLIES:

1x Screen Filter

1x Microfiber Cloth

2x Screen Cleaning Wipes

3x Dust Removers

1x Squeegee
5 MIN INSTALL

Prepare:

- ☐ **Remove all supplies from package**
- ☐ **Work in a clean, well-lit environment**
- ☐ **Watch the video: eyesafe.com/install**

Clean

1

Use the **Screen Cleaning Wipe** to remove smudges and dust particles.
2

Dry the screen with the **Microfiber Cloth**.
3

Use the **Dust Remover Stickers** across the entire screen. Take your time to remove all dust particles.
Apply

4

Find the **Filter.** Hold **Tab A.** Carefully pull **Tab B** to peel away clear backing.
5

Holding **Tabs A and C**, align the **Filter** to each corner and the top edge of your screen.

6

Press firmly along top edge. Allow the **Filter** to adhere to the entire surface of your screen.

Finish

7

Use the **Squeegee** and with smooth downward strokes, push bubbles to edges. Caution: pressing too hard will damage the filter.

8

Pull **Tab C** to remove top mask. Press out remaining bubbles with your thumb. Use the **Microfiber Cloth** to remove fingerprints.

Congratulations!
Your device is now Eyesafe®
